PROFESSIONAL SUMMARY

Senior Quality Assurance professional with **15 years of experience** in software testing, specialized in manual and automated testing for web, mobile, API and backend applications. Experience in functional, integration, regression, performance, security, usability, API, web and mobile testing. Strong experience with Robot Framework, Cypress, Playwright, Selenium, Appium, C#, Java, JavaScript, TypeScript and Python. Experience with Salesforce, including administration and configuration, plus the Salesforce ADM201 course. Knowledge of Jira, Quality Center, ALM, Postman, Swagger, Azure, Docker Compose, AWS and databases.

PROFESSIONAL EXPERIENCE

SENIOR QUALITY ANALYST

Zup Innovation | Feb. 2024 – Sep. 2026

- Manual and automated software testing using Robot Framework.
- Creation and execution of test plans and scenarios.
- Regression, API, web and mobile testing.
- Development and maintenance of automated test scenarios.
- Work with Docker Compose, AWS, AI tools and databases.
- Collaboration with development and product teams to ensure software quality.

SENIOR QUALITY ANALYST

Hypeone | Jan. 2024 – Jun. 2024

- Test scenario automation using Cypress.
- Creation of BDD test scripts and automated test data.
- Implementation of QA tools and processes using Jira/QAality.
- Creation and management of Kanban cards in Jira.
- Support in improving QA processes and test execution.

SENIOR QA AUTOMATION ENGINEER | ROBOT FRAMEWORK

Talent Four Consulting | Dec. 2022 – Dec. 2023

- Development of automated tests using Robot Framework.
- Creation of BDD scenarios and test scripts.
- Validation of test scenarios in QA/UAT environments.
- Creation and maintenance of test scenarios using Azure.
- Analysis of technical and business documentation.
- Logging and tracking of software defects.
- Creation of test data, test manuals and training documentation.
- Impact analysis for production changes.

SENIOR TEST ANALYST

Raízen | Sep. 2021 – Sep. 2022

- Test scenario automation using C#.
- Creation of BDD scripts and automated test data.
- Implementation of QA tools and processes using Jira/QAality.
- Mobile test automation using Appium.
- Support for functional and regression testing activities.

SENIOR TEST ANALYST

Ouro Verde Locação e Serviços Ltda. (Reunidas) | Oct. 2019 – Sep. 2021

- Validation of test scenarios in QA/UAT environments.
- Creation of test scenarios using Jira.
- Analysis of technical and functional documentation.
- Logging of defects and requests.
- Creation of test data and test manuals.
- Support for UAT and acceptance testing activities.
- Production impact analysis.
- Development of automated tests using C# and Cypress.
- Mobile test automation using Jest.

EDUCATION

Bachelor's Degree in Systems Analysis and Development — UNINTER | Completed in 2020

COURSES

- Salesforce ADM201 — Course
- PostgreSQL – Intermediate
- Postman – Advanced
- Software Testing and QA Tools
- Selenium, JUnit, TestNG, Cucumber
- Git and Continuous Integration – Jenkins / GitLab CI/CD
- Agile Methodologies
- Software Development Life Cycle (SDLC)

TECHNICAL SKILLS

Software Testing: Manual, functional, regression, integration, API, web, mobile, backend, performance, security, usability, automation and BDD testing.

Automation: Robot Framework, Cypress, Playwright, Selenium, Appium, Jest.

Programming: Java, C#, Python, JavaScript, TypeScript.

Tools: Postman, Swagger, Azure, Jira, Quality Center, ALM, Visual Studio, Eclipse, Git, Jenkins, GitLab CI/CD.

Cloud & Infrastructure: AWS, Docker Compose.

Databases: PostgreSQL, database testing and validation.

Salesforce: Salesforce Testing, Administration, Configuration, ADM201 course.

PROFESSIONAL SKILLS

Analytical Thinking • Problem Solving • Communication • Collaboration • Teamwork • Adaptability • Proactivity
• Customer Focus • Self-management • Fast Learning • Flexibility
